Dear Friends,

### **Annual Report from Steve and Ros Bagwell**

I have pleasure in sending you an annual report from Steve and Ros for your interest and prayers. This report offers an overview of their activities during 2009 and shows how these contribute to Wycliffe's goal of reaching all Bibleless groups by 2025.

An endorsement from Steve and Ros's supervisors is included below. If you have any questions about this endorsement, or about any other matters mentioned in the enclosed report, please do get in touch with us.

“Over the past year it's been a delight working with Steve. As a software developer, Steve is a key member of the web applications development team in our department. Over the past year he has made significant contributions to a major upgrade of the JAARS financial software. The upgrade required Steve to work closely with many non-technical users on the JAARS campus. Working closely with non-technical staff is not always easy for a technical person, but Steve took on the challenge and performed flawlessly. Steve's efforts have resulted in a smooth upgrade and a satisfied user community. Steve was also a contributor to several web site development projects. Here again, he was a valued team member, making contributions to both the software design and testing of these sites. Steve's efforts in designing automated tests for the sites have reduced test time significantly and resulted in robust and reliable systems.

“Having become Steve's supervisor during the past year, I have found it a pleasure getting to know him, both professionally and personally. Steve's willingness to take on new responsibilities and to increase his technical abilities has been a great blessing to me and the team.”

“Ros Bagwell currently works in JAARS Accounting as the Accounts Receivable (AR) Assistant Coordinator. She was moved into this position over a month ago. It has been a blessing to watch her in the department learning new tasks which we deal with on a daily basis in Accounting to impact translation efforts in the field. Ros's flexibility and willingness to cross-train in different

areas shows her ability to work as a team player. She is dependable, consistent and has a great attitude, which makes this department as a whole stronger. Also her previous experience in the field has helped in her understanding of the entity transmission, and she now completes this task along with others when the AR Coordinator is gone.

“We look forward to the days ahead, working together with Ros to further Bible translation and reach the goals of Vision 2025.”

We are glad that Steve and Ros are working with us, and thank you again for your partnership in their ministry. May God continue to bless you as you support and care for them.

Yours sincerely

A handwritten signature in black ink that reads "Ruth". The signature is written in a cursive style with a horizontal line underneath the name.
